Our Comprehensive Services to Meet Growing Security Demands

To address the growing need for security services, we offer the following comprehensive range of services: –

Unarmed Static Guard Services – To Assure your Security

If your business or private security is at risk, our Malaysian and Nepali guards provide protection and deter unauthorized entry. We offer as many static guards as needed for complete security, with 24/7 access to our emergency response team.

Static Arm Guard Services – Armed Protection for Critical Sites

Our licensed static arm guards, equipped with pump guns, secure gold shops, banks, factories, and project sites. By preventing crimes and ensuring your site's safety, they are ready to respond to potential threats promptly.

Cash Transport and Cargo Valuables Escort

We offer armed escorts to companies needing assistance in accompanying their staff to the bank. Our services extend to secure money transfers from your location to the bank, and we also provide reliable cargo escort services for the safe transportation of valuable items by road. Our vigilant armed guards prioritize the safety of your staff and assets.

Dedicated Patrolling for Enhanced Security

To ensure optimal service, we have our dedicated patrolling unit. Assigned patrolmen in specific zones continually monitor and enhance security measures on the premises.

Advanced Electronic Security Solutions

Using electronic security systems, CCTVs, and CMS, Progressive Allied Security Force reinforces existing security measures. We provide a comprehensive security solution, integrating cutting-edge technology to safeguard your assets.

Personal Investigation Services

We offer comprehensive investigation services, including inquiries into copyright and patent infringements, as well as background screening for both staff and individuals.

Cutting-Edge Security Systems and Equipment

Our company is fully equipped with the latest security-related tools, including CCTV, security guard check-in systems, fire detection, and security card systems.

Professional Guard Dog Service

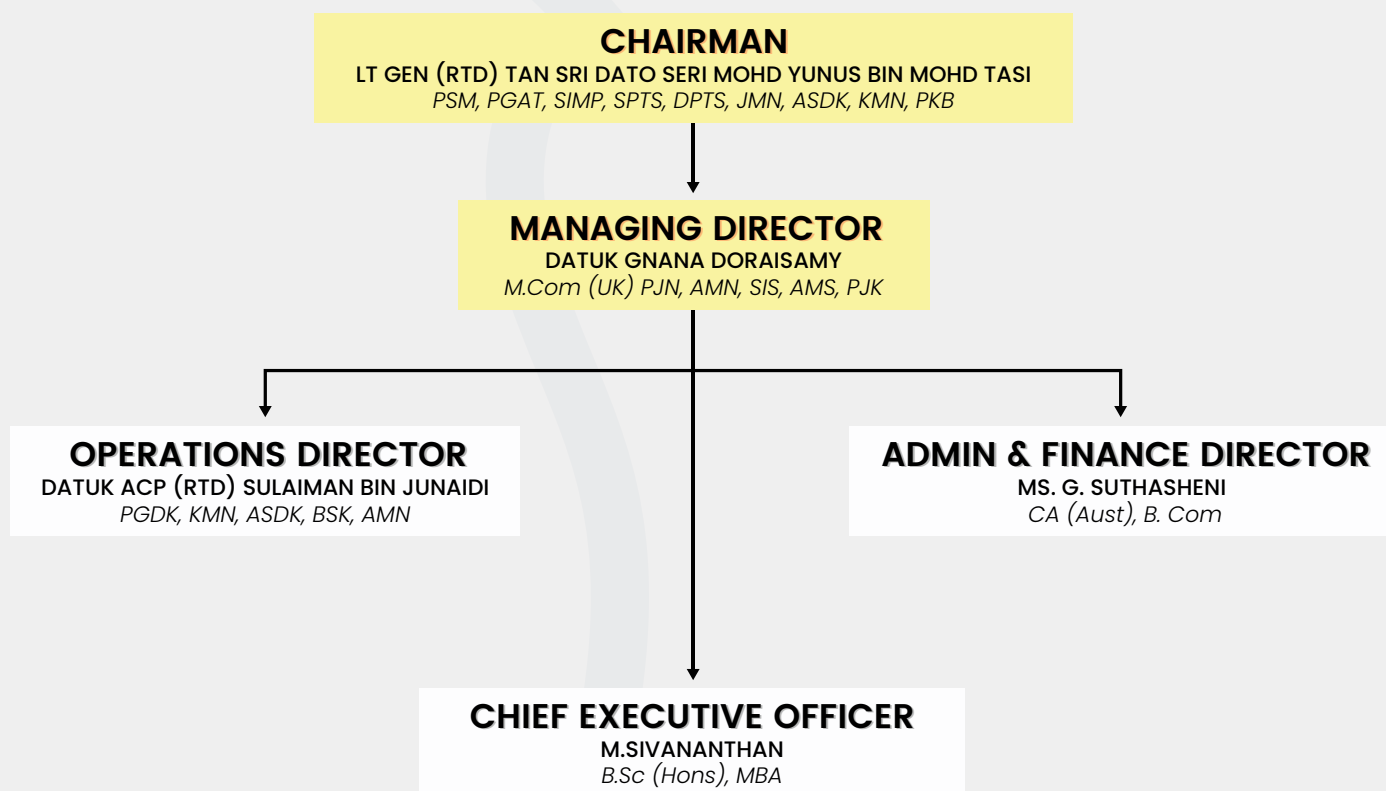

Enhancing security where needed, we deploy well-trained dogs such as German Shepherds, Rottweilers, and Dobermans.

Central Monitoring System

Our Central Monitoring System (CMS) overseas clients' alarm systems, swiftly detecting crises like fires or break-ins. Our trained personnel at the CMS respond promptly to ensure a quick resolution.
